## REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the limitations of "...said less lethal projectile comprising a finger-shaped woven fabric container having a closed end and an open end, said container filled with high-density filler, a spool closure, having a bore hole therein, said spool closure located inside of the open end of the fabric container, a sealer wrapped tightly around the spool closure to seal the filler in the container, a bore-rider stabilizer which is not part of the fabric container attached directly to the rear of the projectile...and a binder attached into the bore hole of said spool to bind the bore rider stabilizer to the rear of the projectile..." in claim 2 and the limitations of "...said less lethal projectile comprising a fabric body container having a closed front end and an open rear end, filled with a high-density filler, a spool having a hole through it, through which is passed the rear end of the fabric body, a bore rider stabilizer attached directly to the rear of the projectile,...an adhesive to seal the rear end of the fabric in the hole of the spool..." in claim 3 all are not found in combination in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
